Project Description

GD Construction were tasked with stripping out an array of existing office spaces and the existing audiology suite. To re-construct the area to form a new layout and to complete a full refurbishment of the space.

Services provided by GD Construction:

- New 600x600 grid ceilings
- New lighting
- New power and data
- New electrical distribution
- New vinyl floorings
- New decorations
- New fire rated doorsets and ironmongery
- New partitions
- New air conditioning
- New ventilation
- New IPS units
- Fire stopping
- Specialist services re-installation
- FFE

Challenges Overcome

1. Working within a live NHS centre with council patients and staff operating the wider area.
2. Due to the above, noise restraints were considered.
3. Deliveries and logistics were compromised due to the routes through the Live demise.
