£69,412.00

Form of Contract

JCT

Project Description

GD Construction were tasked with the refurbishment of a reception area and the addition of an accessible WC into that reception area.

Services provided by GD Construction:

- New vinyl floorings
- New decorations
- New IPS unit
- New trovex doors
- New reception desk and bespoke screen
- New M+E works
- Installation of a new bathroom
- New stud partitions
- New underground drainage
- Fire stopping
- FFE

Challenges Overcome

1. Working within a live mental health unit right next to the main entrance
2. M+E isolations due to the above.
3. Noise due to the above
4. Noise due to working next to the re-located reception
5. Patient access due to the reception being taken out of action.
6. Completing a new WC meant connecting into new drainage which was within the main entrance.
